## Club Happenings

Sorry this is so late but I have been busy. If you have any complaints send them along with a self addressed stamped envelope to al-Qaida complaint department (Anthrax Division) they will take care of you.

I would like to start by thanking Miguel for all the work he did on the 10's tournament. If it weren't for him we would not have had a tournament, so the next time you see him, buy him a beer. I would also like to thank everyone else who helped. In case you didn't know the good guys won the tournament. We beat the Old Aztecs in the final. No thanks to Ben "ROCKY" Willis who got sent off for the second consecutive game, and by the same ref. Then the next week he got sent off again. Three in a row has to be some kind of record, but of course none of them were his fault.

The night of the tournament we had the drawing of the Ton of Beer and once again we won, well actually Dave Levine won, but he donated half of it to us. So this Sunday we will be drinking it over at Ray's house. But there is a catch; we will be working on the MAGIC BUS. This will also be a farewell to Grant and Dani who are moving back to New Zealand and getting

married. Thanks Dave, the beer will be put it to good use.

We need to get this bus up and running for Claire's sake. You see, she just got one of those new BMW sports cars and then she smashed it up so she put it in the shop to be fixed and as soon as she got it back she smashed it again. So Ray said if she doesn't take care of her toys she won't be able to play with them any more. So Claire will have to drive the bus to work. Don't worry Claire, you will be a lot safer and everyone will get out of your way.

The raffle was a great success we brought in over \$2000. It was good having the night out going bar to bar selling tickets, we even had Blaise and Gigi come out and help. Every one had a good time except those poor people at the Katsu restaurant having dinner. They were just sitting there minding their own business, enjoying a good dinner, when all of a sudden Tractor's big hairy ass was plastered up against the window. He took off running, as fast as Tractor can run, when he caught up to Vino he collected the \$20 they had bet.

Speaking of extremely large things, Sean's nose. It turns out Tami was not happy with the fact that Sean's nose was longer than his penis. So Sean did the only logical thing he could think of, he had a few inches

removed from his nose. So the next time you see him, if you recognize him, you won't be able to make jokes about being from Nose City or anything like that.

A group of us will be going to the Chargers game against the Cardinals on November 25th. If you want to go you'll need to get your own ticket from the Chargers office or wherever. Miguel will be cooking his famous namesake, Carne, but you'll have to let Dan know ahead of time and pay \$10 so we get enough for everyone. We will be there with the Unlimited Adventures group from San Diego. There will be around 20 people tailgating in Section C-3.

There is a Party at Archie & Tractor's place on Saturday November 24th. More info from Tractor or Archie, call them at 752-9795.

Sean Milstead broke a bone in his shoulder at the 10's tournament and will be side lined for a while.

Chris and Tina had a baby boy, congratulations.

## Upcoming Games

Riverside this weekend on Sat the 17th up there, more info at practice.

December 1st sees us playing Pasadena and Pt. Loma, a new team in which some of the youth ruggers will get some action. Also in December the Camp Pendleton boys will come off base for some action on the 15th. Get out to practice and get ready for the 15's season....
